To the Occupier,

Re: ELECTRICAL MAINTENANCE WORK BURTON OVERY LE8.

We would like to take this opportunity to inform you of electricity works in your area that Western Power Distribution will be undertaking.

We will be carrying out a mains cable overlay and substation upgrade on the electricity network, please see enclosed plan highlighting the area affected.

- A road closure will be in place from **16th May 2022 until 15th July 2022** in front of the substation on 'The Gravel' rear of South view Main Street.
- Work will then be carried out from 'The Gravel' along 'Main Street' towards 'Bell Lane' & across to 'Carlton Lane' with two way lights and then three way lights at the junction between **16th May and 1st June 2022.**
- We will ensure that the work is reinstated and traffic management is taken down for the weekend of **02nd June until 5th June 2022** for the Jubilee weekend.
- Work will then continue from **6th June 2022 until 09th June 2022** with a Road closure on Carlton Lane.
- From **10th June until 24th June 2022** work will continue from the junction of 'Carlton Lane' and 'Main Street' up towards 'Baileys Lane' substation. The width of the road will be reduced although access will be kept open but please be aware this may affect access for extra-large vehicles.

Please note these dates are for guidance only and may vary during the work being carried out.

This works will cause some disruption and inconvenience to normal vehicle routes and a diversion route will be put in place, please be assured that we will endeavour to keep this disruption to a minimum.

If you require further information or wish to contact us regarding these works please contact me direct on 01162 315327 or Leicester South Area Team Support on 01162 315331.

Please accept our apologies for any inconvenience caused.

Yours sincerely,

Joanne Saunders
Planner Leicester South.
Western Power Distribution
